The targeted water is still in motion but soils and veg have been sent to NJ.

We will not have a NTA water ready for this trip.

Targeted water is still in motion but perhaps its helpful for you to see what is there at this point. Doc may change but data will not.

There are files with the data in excel form if that is helpful for your prep for the upcoming meeting.

NJ is getting them as drafts, do not cite, distribute etc.

Subject: reports??

Hey Kate,

If you have time would you please forward all reports that went to NJ or are going to NJ before our trip?

NJ Soil targeted?

NJ Soil/Veg nontargeted?

NJ water targeted?

NJ water nontargeted?

Thanks,
John
